

PURPLE BOUND'S

COME-N-GET IT

THE OIL

An Energy Supplement For Exhibition Livestock and Horses

- † Blend of Soy Oil for quick energy, Linseed Oil for balanced Omega 3 Fatty Acids, and Wheat Germ Oil for Octocasonal that improves oxygenation of body tissues, more stamina and better muscle condition and health.
- † Improves condition, finish and handle of exhibition livestock and horses
- † Helps sculpt a smooth, well-defined appearance
- † Promotes a glossy haircoat and healthy skin condition
- † Encourages feed consumption by the finicky eater
- † Excellent show day tool to encourage feed and water consumption for a natural fill
- † Concentrated energy allowing more calories to be fed per pound of feed consumed
- † Improves feed efficiency
- † Enhances feed aroma and texture with its distinct flavor
- † Controls dust reducing respiratory stress for both humans and animals
- † Prolongs nutrient stability and improves nutrient absorption
- † Flavors and preservatives are stable and will not separate when stored
- † Easy to use - pour over feed and mix in or mix in complete ration
- † Better flowability - less separation and clumping and no clogging in your grinder or mixer
- † Helps keep feeds fresh

DIRECTIONS FOR USE

Use 1 oz./100 lbs. of body weight or as needed for additional energy needs or body condition.

- Lambs and Goats: 1-2 oz./head/day
- Pigs: 1-4 oz./head/day
- Cattle: 4-8 oz./head/day
- Horses: 2-8 oz./head/day

Can be mixed into complete feeds to control dust, add energy density and enhance palatability.

- Use 20-40 lbs./ton for dust control
- Use 4-8 oz./25 lbs. for dust control

Contact the show feeds nutrition specialists at R&B Feeds for consultation on how to best implement the **COME-N-GET IT** program.

CONVENIENTLY AVAILABLE IN

- 1 gallon jugs with a reusable pump
- 5 gallon plastic jug in box
- 55 gallon barrels
